## Release Notes

# DoubleTime® 8.5

We are pleased to announce the release of **DoubleTime 8.5**. This version gives you the ability to edit a new 'Transaction Amount' field on the Closing Protection Letter and this release also contains the amendments approved for Data Call.

See the '**Changes you will notice in this release**' section below to read about the changes that are most visible to you.

REMEMBER, IT IS ALWAYS VERY IMPORTANT TO INSTALL THE LATEST VERSION OF DOUBLETIME® IN ORDER TO REMAIN COMPLIANT.

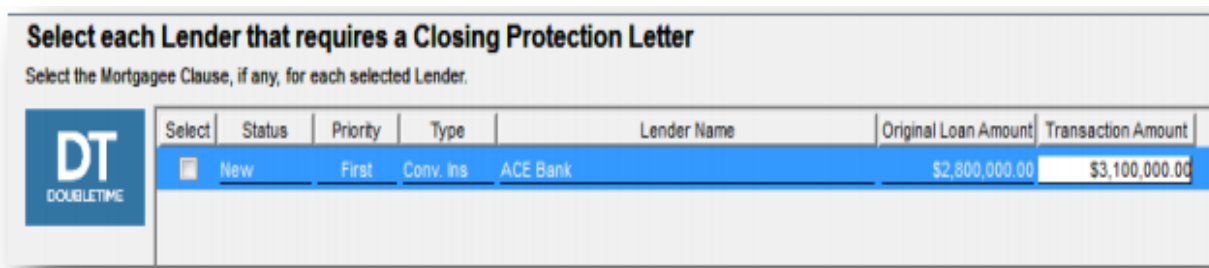

**WE VALUE YOUR INPUT.** Please continue to provide your comments and suggestions by calling the Support Center, your Member Support Representative, or Member Account Executive. You can also send us an e-mail by visiting the DoubleTime® Product Support page on [thefund.com](http://thefund.com).

**Discover what DoubleTime® has to offer and more by going to the DoubleTime® Support Center at [thefund.com/dt](http://thefund.com/dt).** View the full "DoubleTime® Training Class" or "Quick Tips" videos, search FAQ's and Release Notes to get answers quickly, and download the latest software updates. The DoubleTime® Support Center can also be accessed through DoubleTime® by clicking on Help | DoubleTime® Support Website.

# Changes you will notice in this release:

## CLOSING PROTECTION LETTER - NEW 'TRANSACTION AMOUNT' FIELD

DoubleTime has added a **new** 'Transaction Amount' field in addition to the 'Original Loan Amount' field and it can be edited during the use of the CPL wizard. This is the amount that will be shown on the Closing Protection Letter that is generated. To change the amount, place your cursor over the 'Transaction Amount' field and click in the box. It will now turn white and allow for the amount to be changed.

Select	Status	Priority	Type	Lender Name	Original Loan Amount	Transaction Amount
<input type="checkbox"/>	New	First	Conv. Ins	ACE Bank	\$2,800,000.00	\$3,100,000.00

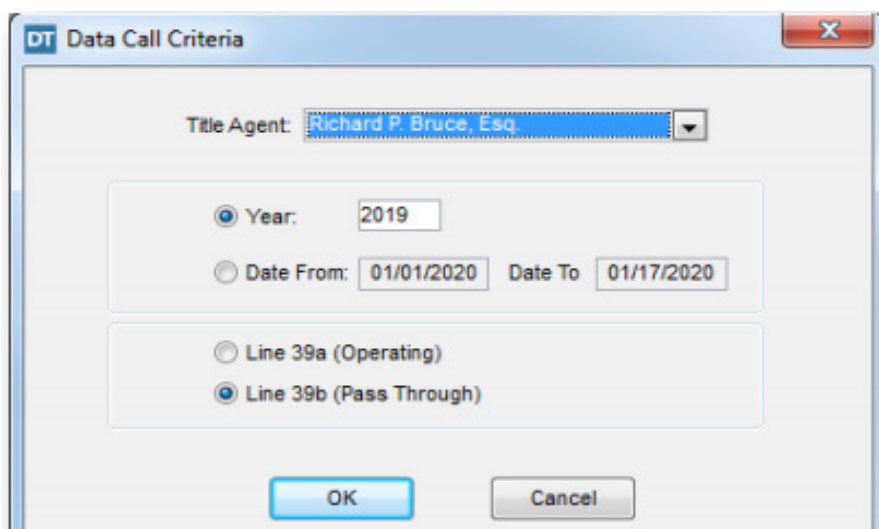

## DATA CALL

DoubleTime 8.5 is now compliant with the approved changes to the Data Call reporting system. The detailed changes are listed below as well as supporting screenshots from the Data Call module:
